## 2025 PRICE LIST

### COMPLETE SYSTEMS

#### **AS-104**

##### **4-wheel system**

Includes: 4-wheel controller box, 4-wheel cable assembly, 4 tach/gen drive assemblies, 4 drive adapters, 4 drive couplings and storage box.

**\$19,950.00**

#### **AS-106**

##### **6-wheel system**

Includes: 6-wheel controller box, 4-wheel cable assembly, nose gear cable assembly, 6 tach/gen drive assemblies, 6 drive adapters, 6 drive couplings and storage box.

**\$24,950.00**

#### **All Falcon**

##### **6-wheel system plus**

Includes: AS-106 complete system as above plus adapters and couplings to support all Dassault Falcon aircraft through F900EXEZ and F2000EXEZ.

**\$27,950.00**

### **Application List**

Falcon 10, 20, 50, 2000 early S/N  
Falcon 2000 late S/N, 2000EXEZ & 900EXEZ  
Falcon 7X

### **ATS Part**

|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| <b>AS-201</b>   | <b>M-B Break-out Box</b><br>Includes: Schematic diagram with test points, cabling, plugs packaged in a ruggedized case.                                                                                                                                                                                                                    | <b>\$ 4,950.00</b> |
| <b>AS-301</b>   | <b>Brake Bleeder Kit</b><br>Includes: 4 Brake bleeder assemblies with pressure gages and needle valves, packaged in a ruggedized case. Vendor calibration is an additional charge.                                                                                                                                                         | <b>\$ 2,495.00</b> |
| <b>BC-100</b>   | <b>Break out box for Cessna</b><br>Includes: AC Generator bearing fail panel, Emergency lighting battery test panel, Rudder limiter actuator test panel, Aileron trim test panel, Rudder trim test panel and one selectable DC Generator bearing fail panel (generator number 9914752-1 or 9914429-10). All packaged in a ruggedized case. | <b>\$ 5,795.00</b> |
| <b>ATS-60</b>   | <b>Cessna Breakout box</b><br>PC card breakout box required for servicing Citation X and Sovereign.                                                                                                                                                                                                                                        | <b>\$3,995.00</b>  |
| <b>FT-100</b>   | <b>IAI 1125 Fuel quantity Ground Test Box</b><br>The FT-100 is used in conjunction with a Barfield or equivalent Capacitive test unit to check IAI 1125 fuel tank probes and wiring                                                                                                                                                        | <b>\$ 3,500.00</b> |
| <b>OC-100</b>   | <b>O2 Controller Test Adapter</b><br>Fitting to adapt to O2 controller, 10-32 thread adapts to ¼" flare                                                                                                                                                                                                                                    | <b>\$ 200.00</b>   |
| <b>ATS-G280</b> | <b>G280 Fuel Quantity Test Box</b><br>Switch box for G280 capacitance fuel quantity test                                                                                                                                                                                                                                                   | <b>\$ 7,500.00</b> |

|                     |                                                                                                                                                 |                    |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| <b>ATS-GIV, GV</b>  | <b>GIV, GV Fuel Quantity Test Box</b><br>Switch box for GIV,, GV capacitance fuel quantity test                                                 | <b>\$ 7,500.00</b> |
| <b>ATS-G280 WOW</b> | <b>G280 Weight On Wheels Switch</b><br>2 each main landing gear switch and harness                                                              | <b>\$ 5,000.00</b> |
| <b>FS-400</b>       | <b>G150, G100, Astra Flap/Slat Test Box</b><br>Allows access to test and inspection functions of the G150, G100 and Astra flap and slat systems | <b>\$26,000.00</b> |
| <b>FS-200</b>       | <b>G200 Flap/Slat Test Box</b><br>Allows access to test and inspection functions of the G200 flap and slat systems                              | <b>\$45,000.00</b> |
